

Steps to perform 'Online License Key' users to get updated feature list. (Performed by client)

- User needs to go 'Licensing Tab' under Modern Requirement4DevOps 'Admin Panel' of organization setting and click on 'Sync License' button.

- On successful syncing, following message will be displayed.

- In order to take effect with updated feature, it is recommended to sign-out from any module and login again.

The screenshot displays a software interface with a top navigation bar showing '56656 Team'. Below this is a sidebar with 'Smart Docs' and a 'test' document. The main area shows a 'Document: test' header with a 'Document' button highlighted by a dashed box. Below the header is a table with columns 'ID' and 'Title and Description'. The table contains four rows: a header row, and three data rows with IDs 41842, 41843, 41869, and 41870. At the bottom left, a 'Sign Out' button is highlighted with a red arrow.

ID	Title and Description
+ 41842	~ test
41843	~ 1 bvn
41869	~ 2 a
41870	~ 3 AA
